## Lead Designer

Mounto

2025-2026 • 1 year 3 months

Contract

- **Owned the design system** for a SaaS product (moun.to) – built UI components, visual language, and asset library used across the platform.
- **Produced all marketing and campaign materials:** motion graphics, social ads, and launch visuals for product releases.
- **Designed and shipped end-to-end UI/UX** as the sole designer on a small cross-functional team.

## Motion & Graphic Designer

Black Labz

2024-2026 • 1 year 6 months

Contract

- **Produced motion graphics for an online casino client** – explainer animations, promotional clips, and reusable asset systems.
- **Designed static materials** (banners, promo assets) that fed directly into motion production, keeping visual consistency across formats.
- **Integrated AI-generated visuals into motion projects** – using generative tools to produce custom footage and assets, then compositing them into final deliverables.

## Creative Lead

Myno

2022-2025 • 2 years 2 months

Contract

- **Built a visual-first brand from scratch** – responsible for all graphic and motion content production.
- **Created ad creatives** for FB/IG performance campaigns aimed at growing organic Spotify playlists audience.
- **Ran the full creative cycle solo:** concept → design → delivery, across static and video formats.

## Motion & Graphic Designer

Freelance

2019-2022 • 3 years 5 months

- **Produced motion content for musician releases** – lyric videos, VFX clips, and animated visuals in After Effects.
- **Designed static visuals across the full release cycle** – cover arts, promo graphics, and artist branding materials.
